Skrbich Adopts Broader North American Sales Responsibilities

DULUTH, MN - IKONICS Corporation, a Duluth-based imaging technology company, announced that Mike Skrbich will take on additional responsibilities within the company's Chromaline Screen Print Products division, where he has been serving as Sales Manager since joining IKONICS in March, 2005.

Skrbich's new title, *Chromaline Screen Print Products: Division Manager, North America*, describes a general broadening of the scope of Skrbich's position that coincides with market realities and organizational development imperatives within IKONICS.

Skrbich noted his enthusiasm for the additional responsibilities. "This move makes sense," Skrbich said. "As the screen printing market continues to mature and, in some cases, consolidate, I'm confident Chromaline can be most efficient as a sales organization with this model in place."

This press release contains forward-looking statements regarding sales, net earnings, and new products that involve risks and uncertainties. The Company's actual results could differ materially as a result of domestic and global economic conditions, competitive market conditions, acceptance of new products, the ability to identify and make suitable acquisitions, as well as the factors described in the Company's Form 10-KSB, Forms 10-QSB and other reports on file with the SEC.
